

August 8, 2014

The Guelph Gryphon Football Team was very excited for the opportunity to work with Matt Sobel at Dreamseat to help us realize our vision of getting Gryphon furniture into our offices. Matt worked tirelessly with us throughout the process to help us get the exact product and look we wanted.

We are very happy with our Dreamseat furniture. All of our offices now have luxurious leather office chairs. Visitors are welcomed by comfy, overstuffed leather couches with our Red and Gold Gryphon on them. We have 3 office chairs in our video room, which is used by all of our 110 players at some point in time. Even with the high traffic and massive boys (averaging 200 lbs or more!) the furniture has fared very well.

We highly recommend Dreamseat products to any team wanting to add a polished look to their offices and stadium.

Sincerely,

Sarah Garrett
Executive Assistant to Head Coach Stu Lang
