Re: Adam Beyda- DREAMSEAT

To Whom It May Concern:

For our most recent renovation of our locker room, we purchased our furniture from DREAMSEAT. Through my several conversations with his company, Adam Beyda in particular, they were amazing to work with.

Mr. Beyda was extremely prompt in turning around several different quotes and blueprint layouts of our space, while sharing ideas of how to maximize our investment with furniture. In dealing with several renovations in my career, I have never dealt with a company with the customer service like DREAMSEAT and will definitely be using them in the future for our projects moving forward. Mr. Beyda is professional and their products are nothing but the best.

Our furniture is clean, contemporary, and durable and has been the main focus of every tour we give to recruits. DREAMSEAT understands our business and their experience certainly proved that. From my first phone call to installation I was continually impressed with their entire organization.

In summary, please feel free to contact me at (217) 333-9575 if you have any questions. I can also be reached by email at: [mwmorris@illinois.edu](mailto:mwmorris@illinois.edu).
