Re: DreamSeat

We just recently purchased two DreamSeat recliners with our athletics logo for our Best Seats in the House promotion at our hockey arena, the Taffy Abel Arena.

The response from our students, staff and others has been all positive. The recliners are great and as one of our players told us, they are 'sick', translation, they are really cool.

Matt Sobel, the DreamSeat representative that we worked with was great. He listened to what we were looking for, gave us options and was patient with our process of making this purchase.

I enjoyed working with Matt and we are very pleased with our first purchase from DreamSeat and look forward to more products in the future.
