To Whom It May Concern:

It is my pleasure to recommend DreamSeat for any renovation projects on your campus. Recently we purchased several custom chairs, loveseats and desk chairs for our Men's Basketball Longue. Adam Beyda is very knowledgeable on the helping make decisions based on our needs, look and feel we are trying to create.

The largest part of the decision to utilize DreamSeat was their ability to customize each piece of furniture with our University logo. These sewn on applications are very durable and add a touch of class and professionalism to our lobbies and offices. In addition, as we increase our orders we have the ability to replace the custom panels with other logos.

The nice thing about their company was their service and speed in addressing our orders. From start to finish we had everything on our campus within three weeks. Whenever I had a question I had almost an immediate response via e-mail or telephone.

I had the opportunity to work with Adam and DreamSeat at Purdue University. When I came down to the University of Miami, I really wanted to make sure we got the best furniture available that could also showcase our University brand. No one does it better than DreamSeat.

I encourage any institution that has questions to feel free to contact me directly regarding DreamSeat and their product. I would be happy to share my personal experience with their sales staff and their products.
