

MISSISSIPPI
STATE
WOMEN'S BASKETBALL

February 21, 2014

To Whom It May Concern:

It is with great pleasure that I am writing this letter of recommendation for Mr. Adam Beyda and Dream Seat. I first heard about Dream Seat from our basketball facilities manager here at Mississippi State University. As the Director of Operations for the Women's Basketball program here at State, I was overseeing a remodeling project for our locker room that began this past April. It was a pleasure to work with Adam and Dream Seat throughout our renovation project and we are thoroughly pleased with the product, service, and overall experience we have had with them and would confidently recommend them to anyone in the market for a great seating solution.

The most important aspect that I could address regarding Adam and Dream Seat would be the wonderful customer service we received. As with many other businesses, customer service can set one competitor apart from another. Adam Beyda and Dream Seat understand what their clients want and need, and with thorough yet efficient communication, they were able to perfectly execute our project. They worked seamlessly with myself, as well as my counterpart in men's basketball, our facilities manager who helped oversee the project, as well as the general contractor, communicating order, delivery and installation details with precision and concern of other project timelines. Adam did a wonderful job communicating with me the options we had for our team locker room seating. The work Dream Seat has done across the country in other sporting venues as well as office settings and even in the home, assured me, just through pictures, that I was working with the right company. At the time our conversation had begun, Dream Seat had recently installed some XZipit eXcel chairs in our schools softball team room. Once I saw and sat in these chairs, the deal was sealed. Our softball staff was praising the product and customer service they had received, and that assured me that we had found the right company for our seating needs. Dream Seat is doing it right. From second-to-none customer service, to a wonderful product, and flawless project execution, this is a company I will continue to recommend to others in the sport business as well as any customer looking for a great seating solution. I have no doubt that others would have the same experience I have had and enjoy a wonderful and beautiful product.

Sincerely,

Maryann Baker
