

To whom it may concern,

Recently we have purchased several furniture items from DreamSeat for the University of Oregon softball program. We are extremely pleased with our experience. We had the opportunity to work with Matt Sobel, who did an excellent job. He was easy to get in touch with, answered all of our questions, and even pushed to have the order turned around in a short period of time.

This is the second time that I, personally have dealt with DreamSeat. I have had a great experience with them both times. The furniture has that Wow factor, and it is extremely comfortable and durable as well.

Our young athletes are excited about the new look to our locker room and definitely look forward to doing business with them again.

Sincerely,

Jimmy Kolaitis
University of Oregon
Assistant Softball Coach
