

To Mr. Adam Beyda,

Currently we are utilizing your custom New York Cosmos logo zip-ins at Hofstra University's Shuart Stadium in order to give the Pride Lounge a more "Cosmic" feel to the room. It was great because Hofstra already had your very comfortable leather chairs and we were able to just get zip-ins made with our logo which we easily change out with Hofstra's logo when we have home games. It's an added bonus that is so easy to do and goes a long way with our fans when they utilize this VIP Hospitality area.

We really appreciate the work you did for us.

Sincerely,

Sofia Sanchez  
Director of Operations  
New York Cosmos
