While at the National Athletic Director's Convention in 2014, I stopped by the Dreamseat booth to get some information. The people at the booth were professional and helpful, which gave me a good feeling about the company. Upon my return to school, I phoned the company and was put in touch with Jarrod Behringer, the sales rep for our territory. Again, Jarrod was extremely professional in helping to figure out exactly what I was looking for. He then walked me through the design process and got my order placed. The process couldn't have been easier, and Jarrod followed through at each step of the process.

The furniture now sits in my office, and it is beautiful. The custom design gives the "school spirit" feel that I was looking for. It has been such a big hit that our principal placed an order for his office as well. I will certainly speak to Jarrod again when the time comes to order more custom furniture from Dreamseat!

Sincerely,  
John Novak  
Assistant Principal for Student Activities
