What Camp Was Always Meant To Be

September 2nd, 2015

This letter is in reference to the positive experience Timber Lake Camp had with DreamSeat.

DreamSeat did a wonderful job in guiding us through the process of selecting and designing custom furniture for a new facility. From our first interaction at the Tri-State Camp Conference, Jarrod Behringer, our account executive, and his team delivered first class service. They helped us through the design process, provided regular updates during production, and then followed up multiple times after delivery to make sure that our expectations had been met. Jarrod and his team not only met our expectations, they far exceeded them in both product and service.

I had a terrific experience working with DreamSeat, and I would recommend them to those looking for comfortable, custom furniture for any space. Their team and operation is first rate and we hope to have the pleasure of doing business again with them soon.

Sincerely,

Scott Glick
Assistant to CEO/Director
Timber Lake Camp
