We purchased new office chairs from DreamSeat in July, 2014. Jarrod Behringer was great to work with. He was helpful and knowledgeable about the products and made the process very easy. He stayed in touch with us every step of the way from before the order until we received our entire order.

Having our school logo on our chairs has been great. They have given an air of professionalism to our offices and make them easily identifiable. We get compliments on them all the time from the many different people who come through our school. They chairs are very sturdy and durable and can take the abuse handed out to them by multiple coaches.

I would highly recommend DreamSeat for anyone wishing to purchase new chairs.

Sincerely,
