The design and standard of equipment really pack a punch on our 700M Crossover table: stealthy design, branded Oversize wheels and above all a 5/16 inch thick Outdoor panel offering the same rebound quality as an Indoor competition table. In this way, it combines a powerful frame and ultra-high performance materials... You've got it, the 700M Crossover table allows no compromise.

### INDOOR + OUTDOOR USE:

Cornilleau has been a pioneer in outdoor tables. They are designed with anti-corrosion materials ensuring resistance to bad weather. 10 Times less glare from the Sun with MATTOP.
