

# XZIPIT DISPLAY PILLOWS

DreamSeat makes it easy to reuse & showcase any logo panel by turning them into a display pillow! Simply blow up the inflatable pillow insert and zip the embroidered Logo panel onto the pillow ends and in seconds, you have a comfortable gift for any potential client, customer, guest, fan or for yourself featuring the same beautifully embroidered logo panels that adorned your DreamSeat furniture.

- A** Left Pillow End
- B** Right Pillow End
- C** Inflatable Bladder Insert
- D** Logo Panel  
(Not Included & Purchased Separately)

### Setting Up Your XZipit Storage Display Pillow:

**Step 1**  
**Determine The Left and Right Side of the Pillow Ends**

The left end will have the insertion pin on the right side and vice versa.

**Step 2**  
**Attach Left Pillow End with Left Side of Your Logo Panel**

Look for the side of the logo panel with the XZipit Pull Tab.

**Step 3**  
**Attach Right Pillow End to the Right Side of the Logo Panel**

Be sure to keep the panel even on both sides and only zipper about a ¼ leaving room to insert the inflatable pillow.

**Step 4**  
**Inflate the Bladder**

Inflate the bladder to your desired firmness. Similar to a beach ball, make sure the air nozzle is firmly closed and pushed in.

**Step 5**  
**Insert Bladder Between The Pillow Ends and Zip Closed**

Inflated pillow should fit snugly between the ends. Zipper closed each side little by little making sure it is even and straight.

**Step 6**  
**Tuck Panel Tail Inside Your Pillow**

Carefully tuck the tail of the pillow inside the pillow. Run your hand inside to make sure the corners are laying flat to prevent creasing.
