To Whom It May Concern,

It is my pleasure to write this letter of recommendation for DreamSeat.

DreamSeat came to my attention after a thorough search for new sideline chairs for our athletic events. I visited many different high school gymnasiums and looked at the brands of sideline chairs used. Out of all of the chairs, DreamSeat was my favorite, not only for their style and design but also their sturdiness - you can tell that they are made to last.

Dillon Hertel was the sales representative that reached out to me and he was excellent to work with. While we were initially not ready to pull the trigger on ordering the seats as we needed time to build this into our budget, Dillon was patient with us and checked in periodically to see where we were at. When we were ready to make the purchase, he made sure that we had every detail just the way we wanted it to be and he communicated exceptionally well with us throughout the process. Dillon was a consummate professional in the way he worked together with us and we are thankful for his effort.

It's one thing to see a seat design on paper, it's another to see it in person. When our seats arrived, I couldn't believe how sleek they looked - it was awesome! We've had quite a few comments from our fans and patrons about how nice the new seats look. We appreciate DreamSeat for their quality and how they have added to our branding in our school.

Sincerely,

Matt Harris, CAA
